

Conquer Mobile POS With Elo & Star

Ideal POS Solution for Any Store

- The Elo mPOS Printer Stand acts as a small footprint stand and housing for either a Star TSP143 or TSP654 receipt printer.
- On the Elo stand, the I-Series unit can be *flipped* to the customer side to enable payments, loyalty program or other customer -facing functions. A kiosk mode is also available.
- The Elo I-Series is an Android-based POS solution that comes in 10-inch and 15-inch sizes.
- The Star printer and other peripherals can be connected via Bluetooth or to the onboard USB port.
